

# SUPPORTING YOUR PRACTICE

## Better care for your patients

When patients require support beyond what can be safely managed at home, our team provides a dependable care solution that complements your clinical recommendations and supports continuity of care.

- Safe discharge option to help reduce hospital readmissions
- Support for patients who are struggling to live independently
- Assistance for patients experiencing:
  - Medication non-compliance
  - Fall risk
  - Social isolation
  - Early cognitive decline
- Helps reduce caregiver stress and burnout
- Reinforces your care plans and medical recommendations

A VIVA RETIREMENT COMMUNITY

Happier Here™

## Continuing care you can trust

A safe, supportive environment for patients who require additional care, whether recovering after a hospital stay or needing ongoing assistance.

## Care & support

- Comprehensive range of high-quality care services tailored to support each individual's unique needs
- 24/7 support & emergency response
- Medication management & administration
- Assistance with daily living activities
- Personalized care plans & wellness monitoring

## PARTNER WITH US

We're here to support your team with practical resources and collaboration opportunities to enhance patient care.

- Tours for you and your team
- Educational sessions & patient resources
- Complimentary monthly blood pressure clinic
- Complimentary conference/meeting room reservations
