

## Training & Support

- Founded in 2008, in Australia, Laser Clinics is now a global company led by our passionate franchisees.
- Assistance with site selection, lease negotiation and construction project management.
- Ongoing guidance from our experienced and growing Global support team with training, operations, and brand standards.
- Four to six weeks initial training, both theory and in-clinic ensuring competence and compliance.
- The world's best equipment at the lowest prices through our global scale of purchasing.

Laser Clinics Canada thrives on long-term franchise relationships, offering training and support to help franchisees succeed. We seek passionate operators with proven business management and team leadership experience to grow within this industry.

# Why franchise with Laser Clinics?

**At Laser Clinics, we believe that everyone deserves to feel confident, inside & out. Since day one, we've been a business that's aimed to help more people feel confident in their own skin - for whatever life brings.**

- Founded in 2008, in Australia, Laser Clinics now has over 190 clinics globally, led by our passionate franchisees.
- Assistance with site selection, lease negotiation and construction project management.
- Ongoing guidance from our experienced and growing Global support team with training, operations, and brand standards.
- Four to six weeks initial training, both theory and in-clinic ensuring competence and compliance.
- The world's best equipment at the lowest prices through our global scale of purchasing.

## Financial Requirements

Liquid Cash: \$350,000, Net Worth: \$750,000  
Minimum Investment: \$850,000

## A growing market

This is a business in demand: Laser Clinics delivers 4.2m treatments every year and has continued to dominate the industry, especially through laser hair removal services. Laser Clinics has seen unparalleled growth in New Zealand and the UK since 2018 and are now bringing that level of momentum here to Canada!

## A proven business model

Our franchisees drive their business, along with the support of the Laser Clinics team. Franchisees can rely on a franchisor that offers expertise in everything from site selection, to training, to elevating their clinic operations, enabling our franchisees to lead their clinics successfully.

## A proven business model
