

Home Care Services

Our Elizz nurses, personal support team, and rehab staff are there to give you peace of mind, with professional in-home help for the person in your care.

Health Care specialists ready to help individuals at all stages of life.

A trusted friend and voice to be there when you can't.

Assistance with bathing, toileting, feeding or just getting to that appointment.

Family caregivers are everywhere.

What Can I Expect?

- **Coordination.** Act as a liaison between multiple health care professionals, family, and friends to arrange coordinated communication about schedules, changes in health, and updates to treatment and care.
- **Expertise.** Experienced Registered Nurses and Practical Nurses provide a listening ear, expert education, strategies for care and direction to help you navigate the health care system.
- **Convenience.** Nurse Advisors are accessible through telephone and email 24 hours a day, seven days a week, making them flexible to your schedule so you'll never feel like you're on your own.

What is Nurse Advisor?

An Elizz Nurse Advisor helps you regain control and confidence with expert care coordination, education, and guidance. Your Elizz Nurse Advisor is with you every step of the way.

Virtual Health Services

Get expert support and advice from a network of virtual health care professionals including navigation specialists, nurses, social workers, and counsellors.
