

STOP

Clean your hands when entering and exiting room

**If resident has diarrhea symptoms,
hands must be washed with soap and water*

VISITORS: Check with staff before entering room

STAFF:

In addition to routine practices:

- Keep door closed
- Use dedicated equipment or disinfect before use with another resident
- Wear fit tested N95 respirator (including when transporting resident)
- Wear gloves and long-sleeved gown
- For measles, varicella or disseminated zoster, only immune staff may enter

RESIDENT:

If leaving room for transport/essential purposes must clean hands, wear a mask, and clean gown/clothes. Drainage/body fluids must be contained.
