

Leadership in Health Care

At SE Health

- We're passionate about providing people with the best care from the best talent.
- We foster leadership at all levels and provide a flexible and supportive team environment.
- We listen and respond to staff ideas and feedback so that our organization continues to evolve in dynamic and innovative ways!

I have been a nurse for almost 20 years. Nursing can be both challenging and rewarding. In my five years at Saint Elizabeth, with the support of dynamic and innovative teams, the challenges have become exciting and the rewards countless.

Most importantly, every day I see examples of how we are making a positive impact on people's lives, and how much they appreciate it.

– Elizabeth Marinelli
Health Services Supervisor, RN, BScN
