

CORONAVIRUS DISEASE (COVID-19)

If you have a fever and/or new onset
of cough or difficulty breathing

AND

In the last 14 days before symptom
onset, you have:

- been to a COVID-19 impacted area, **or**
- been in close contact with a confirmed
or probable case of COVID-19, **or**
- been in close contact with a person
with acute respiratory illness who has
been to a COVID-19 impacted area,

Inform pharmacy staff immediately.
