

Training & Support

Whether you've got career experience in the industry or you're a newcomer with passion, our team will support you in every key aspect of running your clinic, including:

- Specialized site selection, lease negotiation and professional clinic build out
- An in-house medical team and Medical Advisory Committee that drives innovation and offers you unrivalled expertise and support
- Constant innovation and new exclusive product ranges
- The world's best equipment at the lowest prices through our global scale of purchasing
- Four to six weeks of initial training, both theory and in-clinic ensuring competence and compliance
- Ongoing guidance from our experienced and growing Global support office and our local Canadian leadership team

About You

For our business model to thrive, Laser Clinics Canada believes in building long-term relationships with our franchisees.

Our support office team works to provide the necessary training support to help our franchisees succeed. In turn, we seek franchisees who have strong business management skills, have a history of building and leading teams, and are passionate to operate a business within this growing industry.

Single Unit and Multi-Unit Opportunities Available.

Why Laser Clinics?

CF Markville Grand Opening: Ribbon Cutting Ceremony

Laser Clinics is a global company, offering services that are medically-backed, using market-leading technology, and skin treatments that are dermatologically approved. The company has been in the confidence business since 2008, getting its start in Australia and has since expanded to the UK, New Zealand and now Canada. Laser Clinics has over 190 clinics globally. We're determined to help our clients feel their version of GOOD by catering to their individuality, with consultative, tailor-made solutions.

The Market

This is a business in demand: Laser Clinics delivers 4.2m treatments every year and has continued to dominate the industry, especially through laser hair removal services. Laser Clinics has seen unparalleled growth in New Zealand and the UK since 2018 and are now bringing that level of momentum here to Canada!

Proven Business Model

Our franchisees drive their business, along with the support of the Laser Clinics team. Franchisees can rely on a franchisor that offers expertise in everything from site selection, to training, to elevating their clinic operations, enabling our franchisees to lead their clinics successfully.
