

How to get your flu shot and get the most out of your appointment

1. Book an appointment in-person, by phone or visit our website (if applicable) at _____

2. Fill out the consent form ahead of time. Ask us for a vaccine consent form or scan the QR code below.
3. Get a prescription for any other vaccines you may need.
4. Download the *CanImmunize* app if you would like to create a digital record your immunizations.
5. Think ahead! Order your prescription refills and commonly used OTC products in advance and pick them up after your flu shot.

Please wait outside the pharmacy until your scheduled appointment time, and please wear a face mask at all times once inside the pharmacy.

Thank you.
