

New experience for your online renewals

During the launch, you will need to enter your prescriptions again in your account.

How to enter your prescriptions into the new app.

Mobile version

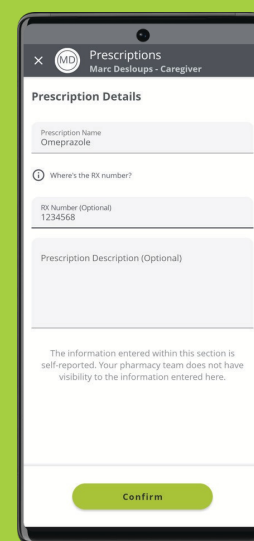

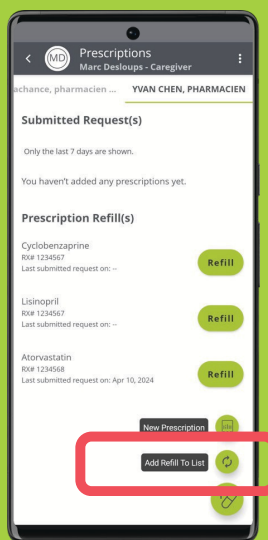

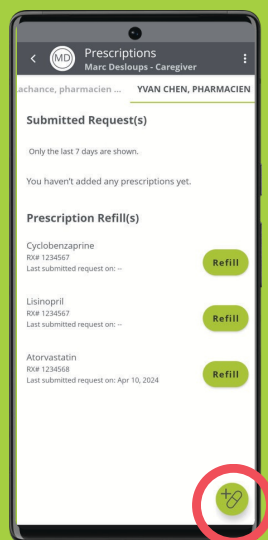

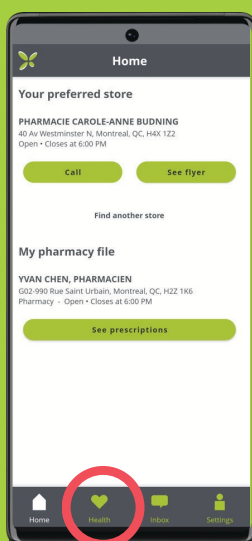

Download or update the Proxim app on your phone.

1. Tap "Health".

2. Tap the "Add to List" icon.

3. Tap "Add Refill to List".

4. Enter the drug name, prescription number and description.

TIP: You will find this information on the packaging of your prescriptions (you can also ask your pharmacy to provide you with a list of your prescriptions).

Web version

Visit **app.groupeproxim.ca** on your computer.

1. Click on “My pharmacy”.

2. Click “Add to List” in the “Prescription Refills” section.

3. Enter the drug name, prescription number and description.

TIP :

You will find this information on the packaging of your prescription (you can also ask your pharmacy to provide you with a list of your prescriptions).

Your list will be saved in your app, you can reuse it to renew your prescriptions at any time.
